2. IPSWICH CITY HEART CABS PROGRAM TRANSITION UPDATE

This is a report concerning the Ipswich City Heart Cabs (IHC) transition.

At the Community, Culture, Arts and Sport Committee No. 2021(01) dated 25 February 2021, the Ipswich City Heart Cabs Review report was presented and the recommendation that it was discontinued was endorsed.

Since first establishing Ipswich City Heart Cabs there have been many changes in the community transport market, including the establishment of the NDIS and My Aged Care systems, as well as state-wide subsidised transport scheme. This alone is a significant factor in discontinuing the program.

Therefore, Council has been working closely with those providers to ensure residents are able to transition from the Ipswich City Heart Cabs Program to alternative community transport providers.

PURPOSE OF REPORT/BACKGROUND

Council received a letter dated 10 June 2021 from the President of the Ipswich Show Society, Darren Zanow, requesting Council proceed with the gazettal of Friday, 13 May for the Ipswich Annual Show public holiday in 2022.

Following a decision on the matter, Council will make an application to the Office of Industrial Relations to have the public holiday gazetted.

LEGAL/POLICY BASIS

This report and its recommendations are consistent with the following legislative provisions:
Holidays Act 2013

RISK MANAGEMENT IMPLICATIONS

There are no risk management implications for Council arising from this report.

HUMAN RIGHTS IMPLICATIONS

Section 58(1) of the Human Rights Act 2019 makes it unlawful for council to act or make a decision:

- (a) in a way that is not compatible with human rights; or
- (b) in making a decision, to fail to give proper consideration to a human right relevant to the decision.

A human rights assessment has been undertaken and the recommendation to adopt the decision to make application for the 2022 Ipswich Show Holiday is compatible with human rights.

FINANCIAL/RESOURCE IMPLICATIONS

There are no financial implications for Council arising from this report.

COMMUNITY AND OTHER CONSULTATION

From 2000 to 2010 Council accepted the recommendation of the Ipswich Show Society and the Ipswich Show public holiday was held on a Thursday. During this time Council did not receive any substantive complaints or adverse media regarding the date.

In 2011 Council accepted the recommendation of the Ipswich Show Society for the holiday to be held on Thursday 12 May. Subsequently, Council was advised by Education Queensland that State NAPLAN testing would be undertaken on that day and the request for holiday would be denied. Following a repeal of the Council decision, a new recommendation was received for the holiday to be held on Friday 13 May, it was consequently gazetted as the 2011 holiday.

From 2012 to 2021 Council has accepted the recommendation of the Ipswich Show Society for the holiday to be held on a Friday and anecdotally this has been positively accepted by the local community and businesses.

The Ipswich Show Society has requested Friday 13 May for the Ipswich Annual Show public holiday in 2022.

The Queensland Curriculum and Assessment Authority (QCAA) has been contacted and the date for NAPLAN testing days has been set for between 10-20 May 2022, specific testing days are yet to be confirmed.

QCAA has advised that schools have capably worked around the timing of the Ipswich Show Holiday in the past. It is also worth noting that in 2022 all Australian schools will move to on-line NAPLAN testing.

CONCLUSION

Consistent with legislative requirements, Ipswich City Council has received a request from the Ipswich Show Society requesting Friday, 13 May 2022 be gazetted as the Ipswich Show Holiday.

If Council accepts the recommendation, officers will make the formal application to the Office of Industrial Relations.

Chief Executive Officer
Ipswich City Council
PO Box 191
IPSWICH QLD 4305

Dear Sir,

The Ipswich Show Society hereby applies for Friday, 13th May 2022 as the Official Show Holiday.

Having the Friday holiday is very beneficial for the Society, Showmen's Guild and stallholders alike. The Show Society is aware of the Naplan Testing dates for 2022 which are before our requested show holiday. While the 2022 Show Promotion is still in the formative stage, the Society aims to ensure that local businesses benefit from the influx of people into the city and subsequent increase in spending leading up to, and during the show period.

The objects of the Society are to promote and encourage the development of pastoral, agricultural, horticultural and industrial enterprise in the Ipswich and West Moreton region, stimulating business activity and creating employment opportunities.

The Society expresses its need to continue with the Friday Show Holiday and asks both yourself and the Councillors to give favourable consideration to this request.

It would be appreciated if the Society could have an early response to this request, so that we may commence securing performers as bookings have to be made well in advance.

Yours faithfully,

Darren Zarren
President

SUBJECT: STRONGER COMMUNITIES PROGRAM
AUTHOR: COMMUNITY DEVELOPMENT MANAGER
DATE: 25 JUNE 2021

EXECUTIVE SUMMARY

This is a report concerning the Stronger Communities Program and to provide an update regarding the recent launch, facilitated by Peter Kenyon. The launch event included a community-led co-design session, resulting in ten topics selected for the Stronger Communities Program for the year ahead.

RECOMMENDATION/S

That the report concerning the Stronger Communities program be received and the contents noted.

RELATED PARTIES

There are no conflicts of interest identified or declared in relation to the contents of this report and its attachments.

ADVANCE IPSWICH THEME

Caring for the community

PURPOSE OF REPORT/BACKGROUND

Stronger Communities is a governance and capability building program for Ipswich community groups.

Ipswich is made up of a diverse range of charitable and community organisations that are run by dedicated volunteers. This was evident at the Stronger Communities launch that welcomed over 100 community group representatives across the city to codesign the Stronger Communities Program on Monday, 21 June 2021.

Keynote speaker, Peter Kenyon, founder of *Bank of Ideas* demonstrated his unique ability to host conversations and the meaning of community with humour, imagery and good story telling. Mr Kenyon has worked with more than 2,000 communities in Australia and in 59 countries seeking to facilitate fresh and creative ways that stimulate community and local economic renewal.

Mr Keyon captured the keys to building, strong, inclusive, connected and active communities. The evening concluded with a co-design session to inform the community skill development and learning topics that will make up the Stronger Communities Program for the year ahead.

Using a dot-democracy method (a quick and simple method for prioritising a long list of options) attendees brainstormed over 30 ideas and individually distributed their allocated 'eight dots' among the topics that were of most interest and value to them and their groups.

On conclusion the following top ten had the most dots and will now inform the future sessions for the Program for 2021 – 2022

1. How to engage with young people
2. How to recruit and retain volunteers in 2021 and beyond
3. Grant writing and sourcing alternate funding streams
4. Collaboration and new partnerships (working together for greater good and sharing resources)
5. Better networking and engagement techniques
6. Cultural awareness, welcoming and inclusive
7. Marketing and branding (using social media for good)
8. Asset mapping (strengths-based approach, to working in community)
9. Dealing with difficult people (be it board members or volunteers)
10. Modern day committee management

Commencing in August 2021, free monthly masterclasses on each of these topics will be held at the Ipswich North Corporate Centre for community group representatives. The sessions will be co-facilitated by Council's Community Development Manager and invited subject matter experts to address the ten topics. Attendees will gain the tools and resources to help them continue to do the great work they do for the city of Ipswich.

LEGAL/POLICY BASIS

This report and its recommendations are consistent with the following legislative provisions:
Not Applicable

RISK MANAGEMENT IMPLICATIONS

As mentioned above, Ipswich is made up of a diverse range of charitable and community organisations that are run by passionate volunteers who give their time and effort to their

organisations. As such, the nature of their work, capacity of the community group or scope of their governance experience is varied.

This variance of capacity and capability presents risks in terms of adequately supporting the community. The Stronger Communities Program is designed to mitigate this risk by providing a coordinated capability and capacity-building program.

HUMAN RIGHTS IMPLICATIONS

Section 58(1) of the Human Rights Act 2019 makes it unlawful for council to act or make a decision:

- (a) in a way that is not compatible with human rights; or
- (b) in making a decision, to fail to give proper consideration to a human right relevant to the decision.

As the recommendation is for the report to be received and noted, no human rights have been impacted.

FINANCIAL/RESOURCE IMPLICATIONS

The Stronger Communities Program is included in the adopted 2021-2022 Economic and Community Development branch budget.

COMMUNITY AND OTHER CONSULTATION

The Program design was achieved by delivering a community-led method. Over 100 community groups attendees contributed using a dot democracy method to capture the future learnings and opportunities of the program.

We will continue to work with and alongside our stakeholders in strengthening community capability.

CONCLUSION

Identified within the Capacity Building and Resilience Pillar of the Community Development Strategy 2021-2026, Council's goal is for community to be empowered and have the skills and resources to increase their independence and sustainability to continue to design and deliver community led initiatives.

The Stronger Communities Program has been designed with a community-led conversation with over 100 passionate and dedicated community volunteers who understand the aspirations and challenges of community groups across our city.

SUBJECT: CREATIVE INDUSTRIES DEVELOPMENT UPDATE

AUTHOR: MANAGER, ECONOMIC AND COMMUNITY DEVELOPMENT

DATE: 28 JUNE 2021

EXECUTIVE SUMMARY

This is a report concerning the activities undertaken by the Creative Industries Development Officer in the first month in the role. Supporting, nurturing and growing Ipswich's Creative Economy and Community is a high priority for Council and therefore an early update of progress has been provided.

RECOMMENDATION/S

That the report providing an update on Council's Creative Industries Development be received and the contents noted.

RELATED PARTIES

The arts and creative community of Ipswich have been and will be heavily involved in this portfolio. A full list of businesses and community groups that have been engaged with are outlined under 'Community Consultation'.

No conflicts of interest have been identified in relation to this report.

IFUTURE THEME

Vibrant and Growing

Safe, Inclusive and Creative

PURPOSE OF REPORT/BACKGROUND

The Creative Industries Development Officer, Trina Massey, started at Council on 25 May 2021. Given the high priority of this portfolio to Council, a brief update on activities undertaken and underway in nurturing Ipswich's arts sector is provided here.

The first priority has been community engagement, with an average of five community and industry stakeholder meetings per week. At time of writing, twenty meetings have been held with artists, creators, creative business owners, local community groups and state and federal peak bodies.

The second priority is to assess the potential for an arts advisory group, identified as a key outcome in the Creators of Ipswich Summit of 2020. Ms Massey has been reviewing models for the framework and terms of reference for such a group.

The third priority is to review arts funding pathways and to align to Council's strategic objectives. To this end Ms Massey has met with the Chair and representatives of the Regional Arts Development Fund (RADF) committee and a strategic planning session is scheduled for July with that committee.

Finally, Ms Massey has worked with the Regional Arts Services Network (RASN) to secure their Business Champions to work one-on-one with local creatives in the first quarter of 2021-2022. RASN Business Champions can work with local artists and creators to develop capabilities with business acumen, securing funding, live music and night-time economy.

There is a substantive program of work being developed to support Ipswich creators and artists which will be reported on in future meetings. The first four-weeks of having the Creative Industries Development officer 'on the ground' has been productive and targeted.

The general sentiment from the creative community of Ipswich, through the stakeholder conversations, is one of hopefulness. The creative community is resilient and active, and they are looking for connection, communication, transparency and the appropriate action from council.

LEGAL/POLICY BASIS

This report and its recommendations are consistent with the following legislative provisions:
Not Applicable

RISK MANAGEMENT IMPLICATIONS

The Creators of Ipswich Summit in November 2020 heightened expectations from the creative community. With the Creative Industries Development officer now recruited and in place, the expectations will now need to be met or risk losing the trust and enthusiasm of this vibrant community. These expectations are at the forefront of our minds as we work with stakeholders to nurture a thriving creative community and economy.

HUMAN RIGHTS IMPLICATIONS

Section 58(1) of the Human Rights Act 2019 makes it unlawful for council to act or make a decision:

- (a) in a way that is not compatible with human rights; or
- (b) in making a decision, to fail to give proper consideration to a human right relevant to the decision.

As the recommendation is for the report to be received and noted, no human rights have been impacted.

FINANCIAL/RESOURCE IMPLICATIONS

The labour budget for the Creative Industries Development Officer sits with the Economic and Community Development branch.

COMMUNITY AND OTHER CONSULTATION

In the four weeks to writing this report, the following businesses, community groups and organisations have been engaged:

- Arts Alive
- Arts Connect
- Art Time
- Banshees
- Creative Ipswich
- Crossfyre Players
- Goleby's Basement
- Ipswich Arts Society
- Momentum Arts
- RADF
- Regional Arts Fund
- RASN
- Writers Block

A number of individuals have also been engaged.

CONCLUSION

Supporting, nurturing and developing Ipswich's Creative Economy and Community is a key priority of the Economic and Community Development branch. In just four weeks the new Creative Industries Development Officer has engaged heavily with the community to inform programming for the years ahead. Capability programs will be scheduled for the first quarter of 2021-2022 and a RADF strategic planning session will align funding governance with city outcomes.
