**OFFICERS' REPORTS**

1. **EXPANDING THE IPSWICH BUS NETWORK**

The public transport services in Ipswich are run and administered by the Translink Division of the Queensland Department of Transport and Main Roads. In recent years, Council has had very limited success in lobbying the State Government to invest in the expansion of the bus network. The attached draft Growth Infrastructure and Waste Committee report (Attachment 1) titled 'Expanding the Ipswich Bus Network' highlights the state of Ipswich's bus network, benchmarks the Ipswich bus network against other networks within South East Queensland (SEQ), and outlines several considerations for Council moving forward.

This report and accompanying presentation is to outline the contents of the Committee report and allow Council to discuss the matter prior to it being presented to a future committee meeting.
