RECOMMENDATION

- A. That a pedestrian crossing on Jones Road, Bellbird Park (near the Redbank Plains Scout Den) is not installed for the following reasons;

RESPONSE TO
PETITION -
INSTALLATION OF A
PEDESTRIAN
CROSSING ON JONES
ROAD, BELLBIRD PARK

- The current 60km/h speed limits on Jones Road does not support the requirements for a pedestrian crossing
 - Jones Road is a sub-arterial road and its main function is to facilitate efficient traffic movements
 - A pedestrian crossing would not improve pedestrian safety under the existing traffic conditions
 - Extensive and costly infrastructure upgrades would be required to facilitate a compliant crossing facility.
- B. That the chief petitioner be advised of the outcome of this report.

NOTICE OF MOTION -
REPRESENTATION TO
THE QUEENSLAND
REDISTRIBUTION
COMMISSION**

RECOMMENDATION

Moved by Councillor Paul Tully:

Seconded by Mayor Teresa Harding:

That Ipswich City Council make representations to the Queensland Redistribution Commission objecting to the inclusion of the Ipswich suburb of South Ripley in the proposed new electoral district of Greenbank, principally based within the City of Logan, for the following reasons:

1. There is no common community of interest between South Ripley and any of the Logan City suburbs in the proposed new Greenbank electoral district, from Greenbank in the north to South Maclean in the south.
2. The Ripley Valley along with Springfield is one the two fastest growing areas of Ipswich and the inclusion of part of the Ripley Valley into the Greenbank electorate, based on Logan City, is neither appropriate nor desirable.
3. Splitting any part of the Ripley Valley into a Logan City based electorate is not conducive to professional local representation for the people of Ipswich or Logan.
4. It would be more appropriate for South Ripley to be included in one of the adjacent Ipswich-based electorates.
5. Residents of South Ripley would be forced to travel through two other state electorates, namely Redbank and Springfield, to visit their State member whose Greenbank electorate office is likely to be located in the Greenbank/Flagstone area.
6. Ripley and South Ripley comprise one very strong community of interest which should be preserved.

Councillor Paul Tully proposed the addition of the following wording at the end of the recommendation:

If this submission is accepted, the area of the Ipswich suburb of Spring Mountain which is included in the proposed electorate of Greenbank should be included in the proposed electorate of Springfield which would ensure that the entire suburb of Spring Mountain is included in the proposed electorate of Springfield.

The seconder of the original motion agreed to the addition of the wording.

This is a report concerning a petition received from Mrs Josephine Hutt on behalf of residents of Division 3 requesting solar lighting for the new playground at Cameron Park.

RECOMMENDATION

Moved by Councillor Andrew Antonioli:

Seconded by Councillor David Martin:

- A. That the request to install solar lighting for the playground located in Cameron Park, Booval not be supported due to the following:**
- Council currently does not have any other playgrounds lit across the public park network
 - There is concern that light spill to nearby residents could be prevalent
 - Anti-social behaviour and unwanted attention could be exacerbated
 - To maintain consistency across the public parks network, lighting of playgrounds does not form part of the Desired Standard of Service for new parks.

Doc ID No: A12726254

ITEM: 16.1

SUBJECT: CEO ORGANISATIONAL PERFORMANCE REPORT FOR MARCH 2026

AUTHOR: CHIEF EXECUTIVE OFFICER

DATE: 26 MARCH 2026

EXECUTIVE SUMMARY

This is a monthly report by the Chief Executive Officer focusing on a summary of organisational performance in the areas of workplace health and safety, progress in the delivery of Council's Corporate and Annual Plans, our people and culture, financial management, capital program delivery, external funding, significant risks and legal matters.

This report is for the month of March 2026. The report for this period highlights current significant matters and progress on key performance indicators.

RECOMMENDATION

That the Chief Executive Officer Organisational Performance Report for the month of March 2026 be received and the contents noted.

BACKGROUND

1. Current Significant Matters

Redbank Plaza Library Opening

Redbank Plaza Library has reopened after a comprehensive refurbishment, delivering expanded space and new features to improve access, comfort and functionality for a growing community. The upgrade includes a redesigned children's area with bespoke shelving, a digital access station for carers, additional study spaces, and improved public computers and printing. Modern reading areas and a streamlined book marketplace enhance usability for families, students, older residents and casual visitors. The library has resumed its full program of services, events and workshops, supporting strong visitation and reinforcing its role as a valued, future-focused community hub.

New exhibition showcasing one of Australia's most significant living artist

A major retrospective of one of Australia's most significant living artists, Leonard Brown, is being presented at Ipswich Art Gallery, marking a major cultural milestone for the city. Spanning more than five decades of minimal abstract painting, the exhibition draws together works from major national public and private collections, offering a rare insight into a nationally acclaimed practice grounded in Ipswich. The gallery will be transformed into a contemplative, immersive environment. Attracting more than 100,000 visitors annually, the gallery is one of Australia's most visited regional venues, and the exhibition is expected to

draw audiences from across Queensland and beyond. The exhibition runs from late March to mid-June 2026, with a temporary closure prior to opening for installation.

Ipswich showcases its best for 2026 visitors

Ipswich City Council has released the 2026 Ipswich Visitor Guide, highlighting the city's diverse tourism experiences, events and local character. The guide features family-friendly attractions, dog-inclusive experiences, artisan producers, adventure activities and relaxing accommodation options, alongside quirky dining, self-guided journeys and Ipswich Trails App experiences. Practical planning tools include maps, a business directory and a major events calendar showcasing nationally significant festivals held throughout the year. Distributed across southeast Queensland, Queensland and northern New South Wales, and promoted through digital and outdoor channels, the guide supports a tourism sector that attracts around two million visitors annually and delivers strong economic benefits to the region.

WaterFest 2026

Ipswich's waterways are being celebrated through WaterFest, a biennial program of free and low-cost activities running from March to May. Activities include fishing, canoeing, environmental workshops, guided nature walks, app-based family challenges and community planting, encouraging connection with local creeks and rivers while supporting healthier, more resilient waterways.

The Future Belongs to the Weird

Creators' Summit Ipswich drew record attendance to the Ipswich Civic Centre, bringing artists and creatives from across southeast Queensland together for a day of learning, networking and inspiration. The program featured nationally recognised creatives alongside strong local talent through keynotes, workshops and collaborative sessions, highlighting both emerging and established voices. Highly regarded by participants, the event strengthened Ipswich's creative identity and momentum as a growing cultural hub.

Gold, roads and bridges: Decades of Ipswich history unlocked with digitisation

Decades of Ipswich City Council history have been unlocked through the digitisation of historic council meeting minutes, now accessible via an online archive. Spanning from 1860 to the late nineteenth century, the records provide insight into the early decisions that shaped Ipswich's development. Plans are underway to digitise additional years, with community volunteers invited to help transcribe the handwritten documents and improve access to this valuable historical resource.

2. Workplace Health and Safety

Note: LTIFR State Average for December 2025 is not available

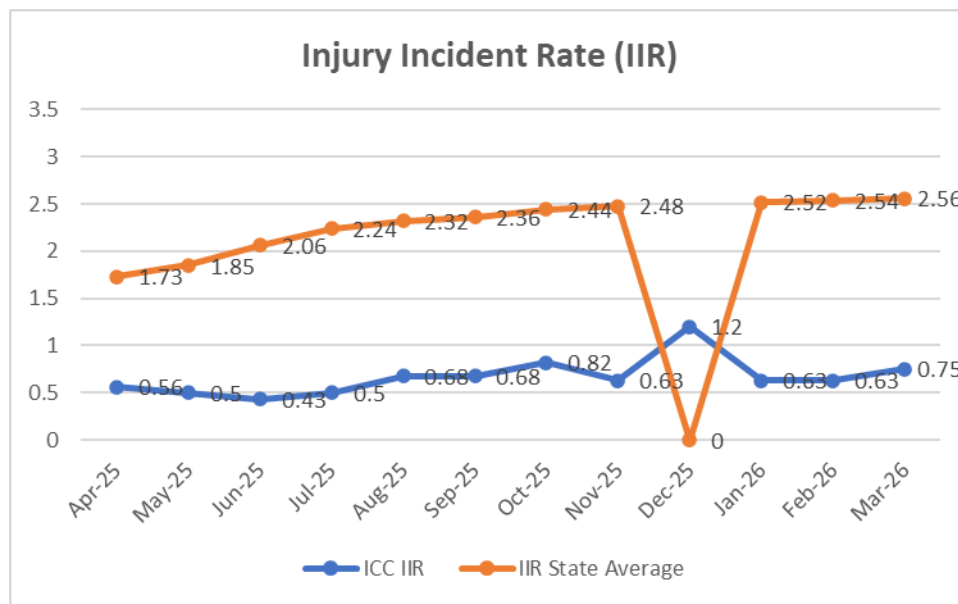

Local Government Association of Queensland (LGAQ) LTIFR rate is calculated on a calendar year and not a 12-month rolling total which ICC uses. The physical and psycho-social safety and wellbeing of the workforce continues to be the CEO and the organisation’s first and foremost priority.

Note: LTSR State Average for December 2025 is not available

The LTSR rate equates to the number of days lost for each LTI. The State Average is the average of LTSR across the 62 local councils within the LGAQ scheme. The LGAQ rate is calculated on a calendar year and not a 12-month rolling total which ICC uses.

Note: IIR State Average for December 2025 is not available

The IIR rate is the number of injury incidents per 100 workers. The State Average is the average of IIR across the 62 local councils within the LGAQ scheme. State data for December is unavailable.

3. Update on Corporate/Operational Plans

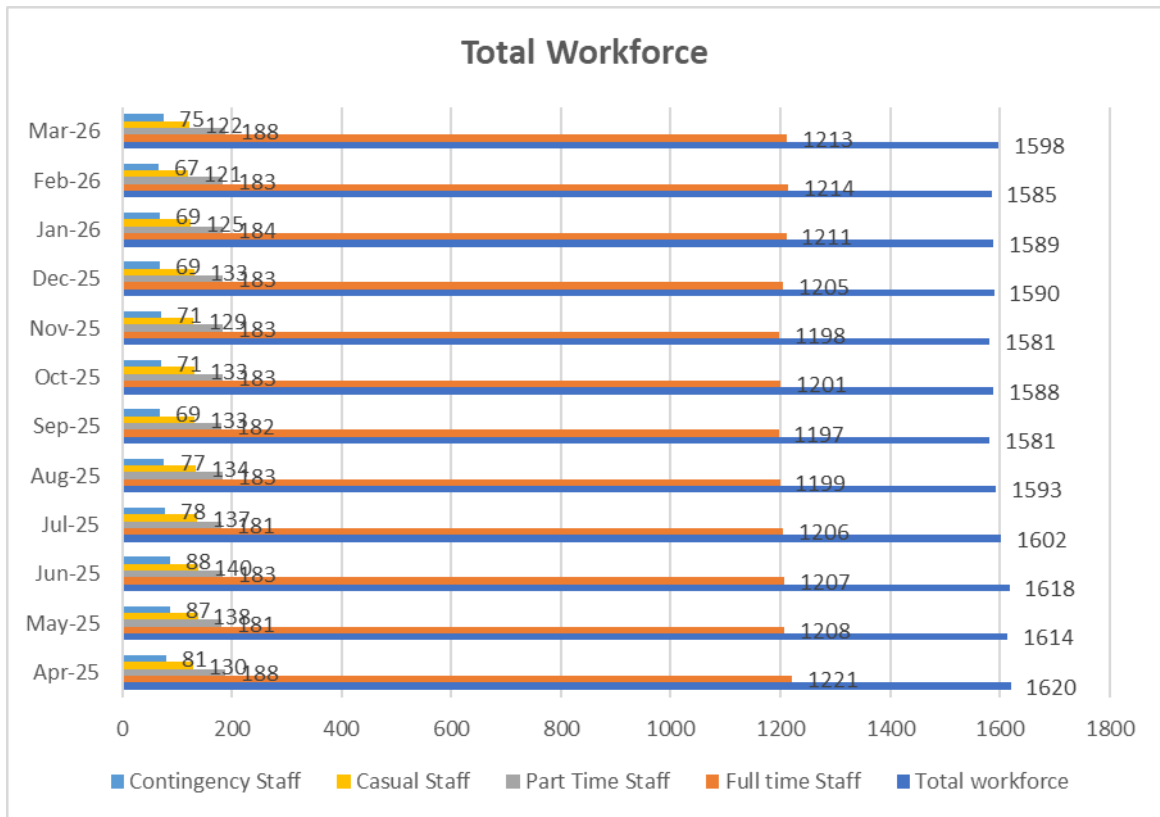

The Quarterly Performance Report for the January – March 2026 (Quarter 3 period) on the 2025-2026 Operational Plan will be presented to the May 2026 Council Ordinary Meeting.

The current Annual Plan and the last quarterly report are available on council’s website: <https://www.ipswich.qld.gov.au>

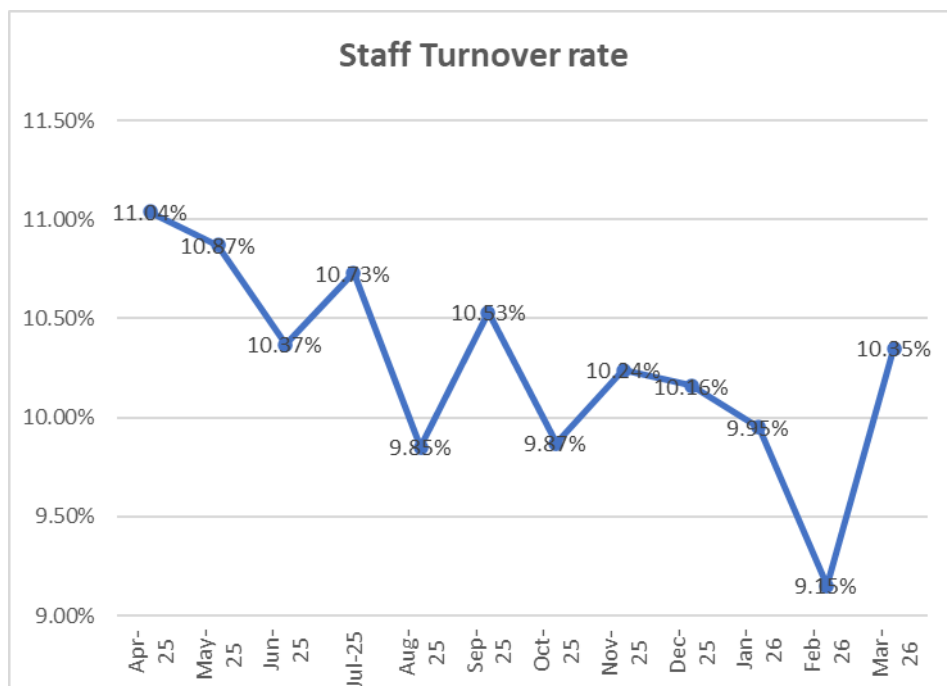

The new Corporate Plan 2026-2031 will be presented to the May 2026 Council Ordinary Meeting.

4. Major Key Performance Indicators

People and Culture

The total workforce for the council organisation ‘head count’ was 1598 in March 2026.

Staff turnover rate was at 10.35% in March 2026, up by 1.20% from February 2026.

For interest, but not direct comparison due to the time and calculation differential, the annual average workforce attrition rate for councils for 2025 reported by the LGAQ was around 18%.

Finance

The full financial performance report for March 2026 has been provided to the Finance and Governance Committee.

The total net result (including capital revenue) for Ipswich City Council as of 31 March 2026 is a surplus of \$119.0 million compared to the year to date (YTD) budget surplus of 111.5 million. Council's YTD operating surplus (excluding capital revenue and the Infrastructure Levy) is \$2.0 million compared to the budgeted YTD deficit of \$1.8 million. The favourable result is driven by higher interest income, greater Urban Utilities tax revenue, greater town planning and development fee revenue, and unbudgeted funding received from the Queensland Reconstruction Authority (QRA) relating to the Ex Tropical Cyclone Alfred event. This is partly offset by overspends on employee expenses and increased depreciation.

Capital expenditure (excluding asset donations and disaster recovery) is \$9.1 million below the YTD budget. Underspends were mainly due to the tenancy fit-out delays in Nicholas Street Precinct, timing of the North Ipswich Reserve Western Grandstand, and timing of fleet acquisitions. There were also savings on surfacing works at Redbank Plains Recreation Reserve car park. This is partially offset by overspends in asset rehabilitation, mainly due to timing of expenditure on the drainage rehabilitation on East Ipswich Stage 1 and Champions Way, earlier than planned works on softfall replacement programs due to contractor availability and unbudgeted works on John Williams and Henry Lawson Bicentennial Parks.

Capital Delivery Program 2025-2026

March 2026 actual expenditure of \$9.467 million, materially behind the \$12.431 million budget. While under budget, the result is reflective of project timing rather than a significant underspend.

5. Risk and Compliance Update

Corporate Risk Register

Council's corporate risk register is reviewed on a regular basis. Council's corporate risk register is scheduled for review at the ELT Risk Committee meeting scheduled for 14 April 2026.

Council's corporate risk register and risk trends in these risks are reported through Council's Audit and Risk Management Committee (ARMC) which is held every quarter. Council continues to seek to actively manage and mitigate its corporate risks.

Legal Matters

An overview of all active court proceedings is provided in a confidential attachment to this report.

Matters that are not the subject of court proceedings will be considered for addition to the report where:

- they concern subject matter of significant public interest/concern; and/or
- where their outcome may present significant financial value/impact for Council; and/or
- where their outcome may set an important precedent for Council.

Generally significant non-court matters will only be reported where they are the subject of dispute and management of that dispute is being administered by Legal Services (as opposed to where Legal Services’ involvement is ad-hoc or limited to the provision of internal advice), or where they concern a significant project for Council. The detail reported in respect of each matter listed has been provided with privacy, confidentiality, and legal professional privilege (and the requirement to maintain same) in mind.

6. Current Consultation Matters

The following community engagement projects are included on Shape Your Ipswich, the digital engagement platform that uses a range of digital techniques to connect with the community and promote consultation events.

Engagement data below includes contributions received on Shape Your Ipswich and does not include data from other channels.

Description of metrics used:

Contributors – The unique number of Visitors who have left feedback or contributions. Contributors is a unique value, and a Contributor who makes more than one contribution is only counted as a single Contributor.

Visitors – A Visitor is a unique user. A single Visitor may make more than one visit to the site, but it is only counted once. A Visitor is not necessarily a single person, but rather a single browsing session that stores a user’s technical information. IP addresses are used to determine unique Visitors.

7. External Funding

Council utilises grant funding from various external sources, primarily Federal and State Government, to assist with the delivery of many projects and services across the Ipswich Local Government Area. These include operational programs from community development, libraries and sports, through to capital funding to assist with infrastructure projects delivery.

Council can also utilise grant funding to partner with external organisations building partnerships where the project outcomes align with Council's Corporate and Annual Plans.

The below information summarises information related to:

- external funding projects being actively managed by Council;
- any funding decisions received during March 2026;
- applications that have been submitted and are awaiting a decision;
- applications being prepared for submission to a funding body; and
- the grant opportunities suitable for local governments to apply.

Council’s External Funding Team works closely with our Capital Program Delivery Branch and other key stakeholders within the organisation to identify opportunities and the management of successful applications between Council and the funding body.

Grant Revenue as at 31 March 2026*

Funding Type	Total number of Grant projects	Current Total External Funding Approved	Total Estimated Cost of Grant funded project/s (inc. Council & other Contributions)

RE: NOTICE OF MOTION - POTENTIAL IMPACTS ON CITY OF IPSWICH LGA FROM THE PROPOSED TRANSPORT AND OTHER LEGISLATION (MANAGING E-MOBILITY USE AND PROTECTING OUR COMMUNITIES AMENDMENT BILL 2026

DATE: 15 APRIL 2026

This is a notice of motion submitted by Councillor Jacob Madsen concerning e-mobility reforms.

Councillor Jacob Madsen gave notice of his intention to move the following motion at the Council Meeting of 30 April 2026:

MOTION

A. That Ipswich City Council:

1. Expresses concern that the State Government's proposed e-mobility legislation will remove viable transport options for Ipswich people during the fuel crisis and will have negative impacts on Council's long term active transport initiatives (namely the City of Ipswich Transport Strategy iGo).
2. Expresses concern that the proposed 10 km/hour speed limit for e-bikes on shared pathways will make hundreds of kilometres of shared paths in Ipswich which have been specifically built for bike riding no longer appropriate for e-bikes and other e-mobility solutions.
3. Expresses concern that long term planning for active transport in Ipswich will be negatively impacted, and Council could be exposed to costs in updating plans and strategies to due to the implication of the State Government's legislative changes.
4. Expresses concern that any updates or new signage required on shared pathways is a cost shift onto Local Government to implement the State's reforms, and this cost should be met by the State Government.

B. That the CEO write to the Minister for Transport and Main Roads to express the above concerns and request funding for implementation of any changes forced onto the Council as a result of the State Government's legislative reform.
