MESSAGE FROM THE MAYOR

I am pleased to present the Ipswich City Council Budget 2020–2021 and Operational Plan, the first for this new council.

Your new council has engaged with the community to inform and shape our strategic direction over the coming year. We are committed to providing you with the strategic leadership and resources required to enable you to deliver quality services and community outcomes.

The strategic priorities for 2020–2021 are as follows:

- Our council is recognised as a leader in good **governance** and accountability.
- Our natural **environment** is preserved and protected.
- Our community has access to **jobs** and economic opportunities now and in the future.
- Our **community** is cohesive, vibrant and resilient.
- Our thriving **city centre** benefits communities across the city.

What this means, is that we are focused on stimulating local businesses and job creation, preserving and protecting our environment, doing what is needed to make this a better-connected community, as well as ensuring our city is governed responsibly, ethically and with an openness and transparency not seen before.

In developing these strategic priorities, we recognised that council is also faced with responding to an economic recession and ongoing impacts of the coronavirus pandemic. We are determined to maintain and support our current workforce through these times of uncertainty and while the year ahead will present many challenges, it is important that we all remain focused on our city's recovery through a responsible use of limited resources. We are all accountable for the future of this council and the community.

It is incredibly important that we do what we can to stimulate the local economy and keep local jobs. A COVID-19 Relief and Recovery Program and a new Buy Ipswich procurement policy will be implemented as a matter of priority to provide a boost for local businesses and community groups.

Our investment in the Ipswich Central redevelopment will also contribute to this economic recovery, with our new CBD library set to open this year, and construction continuing on a new civic space, carpark, and a new council Administration Building and Children's Library, scheduled to open in 2021–2022. All of this means jobs, investment attraction, growth and new opportunities for the CBD as well as connected hubs such as Top of Town, Riverlink and the broader Ipswich area.

Regionally significant projects are high on the agenda too, with council well-positioned to advocate for State Government support of projects such as the Ipswich Central to Springfield Central public transport corridor and the second Bremer River crossing. These projects will respond to significant demographic trends and community needs, creating opportunities for employment and connecting our city from the east to the west.

This Operational Plan will sit within the Corporate Plan 2017–2022 while we work towards our next planning cycle. Building on the current programs of work and core functions that we are all contributing to deliver, it positions council to develop a new five-year Corporate Plan in the years ahead. As always, community consultation will be key to this development process, ensuring that we meet our ratepayers' expectations for performance and service in delivering on our commitments.

On behalf of all councillors I would like to thank the community for joining us on this journey, and council staff for working hard to respond to the community's needs. We look forward to delivering on the activities outlined in the 2020–2021 Budget and Operational Plan.

Mayor Teresa Harding

INTRODUCTION

The 2020 Local Government Election ushered in a new era for the City of Ipswich with the election of a new council.

Our new council has established the strategic priorities for the 2020–2021 financial year.

Our council is recognised as a leader in good governance and accountability

Our natural environment is preserved and protected

Our community has access to jobs and economic opportunities now and in the future

Our community is cohesive, vibrant and resilient

Our thriving city centre benefits communities across the city

The Operational Plan highlights the key initiatives that are planned for the year, but doesn't take away from the fact that council delivers routinely on a vast range of services and work. This work ensures the City of Ipswich has well maintained parks and community facilities; that officers assist with requests that come in about animals, parking, development and land use; that waste is collected; and we are working with businesses, community groups and sporting organisations. Our Operational Plan also incorporates the Performance Plan for Ipswich Waste Services (council's only commercial business unit).

The Operational Plan 2020–2021 provides the following information.

2020–2021 Budget at a glance

\$232 million

in capital works, including:

\$124 million

Nicholas Street – Ipswich Central
Redevelopment

\$39.5 million

for asset rehabilitation

\$14.9 million

on parks, sport and environment

\$13 million

for strategic transport projects

TOTAL 2020–2021 BUDGET IS \$603.4 MILLION

Council's 2020–2021 budget, delivered by a new mayor and councillors, is measured and reflective of current economic times. Like last year, the overall budget tops \$600 million and focusses on a high level of core services to the community.

The budget has been impacted by Australia's first recession in almost three decades and the severe financial pressures caused by the coronavirus pandemic on the local, state and national economy.

Council has been faced with a significant number of tough decisions, but the budget seeks to deliver community value during uncertain times, sustain jobs and stimulate the economy.

AVERAGE INCREASE

The average general rate increase for residential properties is 2.75 per cent. The average increase in total rates and charges is \$0.98 cents per week. The commercial rate rise is 2.4 per cent.

CONCESSIONS

Pensioners can continue to claim the concession of up to \$245 per year for 2020–2021. Discounts on early payment continue at \$132 per year.

RESIDENTIAL NET RATES AND CHARGES FOR 2020–2021*

Average residential owner occupier general rate	\$1,375
Wheelie bin collection charge	\$371
Enviroplan Levy	\$46
Rural Fire Levy (separate charge)	\$3

CORPORATE PLANNING

The Operational Plan 2020–2021 has been created within the existing framework of Advance Ipswich and the Corporate Plan 2017–2022, both of which are documents adopted by the previous council and not aligned to our new elected representatives. Our new council has developed their strategic priorities for 2020–2021 and these are detailed in this document.

Under Section 174 of the *Local Government Regulation 2012*, a local government is required to adopt an annual Operational Plan to identify the activities that council needs to undertake during the financial year to achieve the longer-term outcomes of the Corporate Plan 2017–2022.

The Operational Plan allows council to manage its responsibilities and continue to engage with the community and report on its progress towards success.

The Corporate Plan 2017–2022 contains five themes for focus over the plan's life with each department responsible for delivering specific projects that link directly to each of the themes:

The relationship between Advance Ipswich's five themes and the deliverables of the annual Operational Plan is shown below.

OUR NEW COUNCIL'S STRATEGIC PRIORITIES

2020–2021

Council's focus is on the five interconnected strategic priorities listed below. You will see these strategic priorities referred to throughout the Operational Plan.

OUR STRATEGIC PRIORITY	HOW WILL WE DO THIS
<p>Our council is recognised as a leader in good governance and accountability.</p> <p>We are a modern, financially sustainable local government that is transparent, open and responsive to the needs of our residents.</p>	<ul style="list-style-type: none"> ▪ We make financially responsible decisions and we are transparent and ethical in all aspects of governance. ▪ We ensure council is managed efficiently and effectively and we openly report on our operational and financial performance. ▪ We take a community centric approach to service delivery and strategic planning, ensuring all interests of our community are represented. ▪ We inspire our workforce, support our employees and encourage diversity and accessibility of employment opportunities across council. ▪ We will work with State and Federal Government to advocate for community needs.
<p>Our natural environment is preserved and protected.</p> <p>We are a sustainable city that values our natural assets and has a thriving and healthy built and natural environment.</p>	<ul style="list-style-type: none"> ▪ We advocate for the protection of our natural resources and communities against pollution and waste. ▪ We empower our community to preserve our built and natural environment. ▪ We shape policies that enhance sustainability. ▪ We improve the health of our waterways and air quality. ▪ We demonstrate leadership in organisational sustainability.
<p>Our community has access to jobs and economic opportunities now and in the future.</p> <p>We are a city of thriving economic centres that enables prosperity for our residents who can live, work, invest and do business within the city.</p>	<ul style="list-style-type: none"> ▪ We support existing businesses and industry to be more productive by leveraging new opportunities and growing direct and indirect jobs. ▪ We are committed to supporting local business and stimulating the economy through council's own policies, projects and local procurement. ▪ We attract investment in our city that stimulates economic growth, creates new jobs and reduces unemployment levels. ▪ We build relationships with stakeholders and investors to connect residents, businesses and industry with new opportunities in Ipswich. ▪ We engage and support young people to enable them to thrive in our city and we promote equity in the workforce.
<p>Our community is cohesive, vibrant and resilient.</p> <p>We are a community of well-designed and serviced centres and neighbourhoods, well prepared to meet the challenges of today and the opportunities of tomorrow.</p>	<ul style="list-style-type: none"> ▪ We ensure our city is well connected and serviced by crucial transport and infrastructure links. ▪ We promote healthy living and ensure that affordable housing is accessible for all who live, work and play in it. ▪ We balance the needs of development and lifestyle and provide cultural and creative resources to enrich the lives of residents and visitors. ▪ We ensure residents and community groups have access to services and support that assists with adaptation post COVID-19.
<p>Our thriving city centre benefits communities across the city.</p> <p>We will deliver a thriving city centre that connects all business areas within the central business district to create a retail, government and hospitality destination hub for residents, business and visitors.</p>	<ul style="list-style-type: none"> ▪ We take a precinct approach to development and ensure a tenancy mix attracts residents, visitors and businesses and enables inclusivity. ▪ We strive to improve transport links and public transport accessibility and active transport to the city heart. ▪ We encourage entrepreneurialism through our planning and regulations to ensure our city is open for business.

OUR ANNUAL OPERATIONAL PLAN

There are three areas of the Operational Plan to highlight:

1. Council's response and move to recovery for COVID-19
2. Advocacy and projects of regional significance
3. The Ipswich Central Redevelopment

COVID-19: RESPONSE TO RECOVERY

Council responded to the COVID-19 pandemic through waiving and refunding licence/permit fees and charges; ensuring our local payments were paid to suppliers in a shorter timeframe; providing rates relief; rolling out business adaptation programs including council's new Grant Finder portal; providing outreach to community and sporting groups; and online programming.

Council is now moving into the next phase of providing recovery programs and options. A COVID-19 Human Social and Economic Recovery (HSER) Sub-Working Group was established as part of council's emergency management process. The group was created to progress the development, prioritisation and deployment of recovery programs, and monitoring of impacts due to COVID-19. A recovery program will be developed and implemented in the first six months of the financial year.

ADVOCACY TO STATE AND FEDERAL GOVERNMENT

To ensure our community receives its share of any investment by the State and Federal Governments through funding programs, budget and election cycles, council will be taking a prominent role in leading advocacy efforts for investment that enhances and advances Ipswich and its residents, businesses and the economy. Council's advocacy will occur in many different ways, but will include making submissions; working with other peak bodies that represent with industry, business and community sectors. Key priorities will include projects of regional significance which are listed here.

REGIONALLY SIGNIFICANT PROJECTS

Council is committed to undertaking advocacy in a coordinated and planned manner to support regionally significant projects to secure long-term social, economic and environmental benefits to the community of Ipswich.

Advocacy activities for projects of regional significance are undertaken in a coordinated and planned manner, guided by rigorous evidence-based processes and well-researched and targeted to support council priorities.

Regionally significant projects are identified and endorsed based on agreement by council that these projects are considered to be positively transformational and catalytic for the region.

Council has endorsed advocacy activities for the following regionally significant projects:

1. Ipswich Central to Springfield Central Public Transport Corridor
2. Norman Street Bridge
3. North Ipswich Stadium
4. Ebenezer Intermodal Terminal
5. Brisbane to Toowoomba Passenger Rail

BRISBANE LIONS CENTRE AND TRAINING FACILITY

The Brisbane Lions Centre and Training Facility at Springfield will be further developed this year with construction to commence by August. Council will be represented on the project steering committee as the program of work is rolled out for 2020–2021. The stadium and community sports fields is being funded by council, Federal and State Governments, The Australian Football League, the Brisbane Lions and private funding sources. Whilst funded by multiple areas, it will be a council asset that is leased to the Brisbane Lions for an initial 50 years with an option to extend. As well as providing a head office for the Brisbane Lions it will be a hub for our local and regional football enthusiasts. The stadium complex will also provide some fantastic community uses for our city including:

- Café / Bar
- Childcare centre run by Multicultural Development Australia (MDA)
- Club merchandise store
- Community access gymnasium including lap pool
- Retail tenancy for physiotherapy/scanning
- Youth outreach service to be run by MDA

Overall the Brisbane Lions Centre and Training Facility will be a great community asset, providing local jobs and services to our city, and will be a destination for football fans.

IPSWICH CENTRAL REDEVELOPMENT

The Ipswich Central Redevelopment is a once-in-a-generation reimagining of the Ipswich CBD. The project's aim is to redevelop the precinct into a vibrant, mixed-use development which will ultimately incorporate civic functions, retail, commercial, entertainment and public spaces. The Ipswich Central Redevelopment is viewed as the catalytic project for the city and region.

The successful delivery of the project will drive significant economic benefit to the Ipswich region, create jobs and encourage additional commercial investment. Deliverables for this year include:

- Opening of new Ipswich Central library, civic space, and carpark.
- Relocation of existing South Street library operations to new building and establishing children's library in South Street (until new children's library is opened in 2021–2022).
- ICT deliverables for new library and interim children's library.
- Construction of new council administration building.
- Delivery of retail development.

KEY INITIATIVES 2020–2021

The key initiatives presented are undertaken alongside an annual capital program and core business functions, and represent change points for our program of work. There are some key capital projects listed given their strategic nature. While there is a lead department responsible for the actions listed, often there are many areas of council involved to ensure their successful delivery.

There are some strategies listed that will say 'No key actions identified for delivery 2020–2021'. This does not mean explicitly that there is no activity occurring in this space but rather there are no key initiatives highlighted for the year that align to Corporate Plan 2017–2022 outcomes or strategic priorities for 2020–2021. When presenting the key initiatives, council has considered the impact that COVID-19 has had on our community and what may be achievable.

CORE BUSINESS FUNCTIONS

Core business functions are those activities which are undertaken to meet the community's needs. These items are reflected in council's Services Catalogue.

Core business functions are what we do best to keep our city thriving and to meet our community's need. It is all the activities undertaken by all employees, whether it's the maintenance of roads, collection of waste, operations of city libraries, assessing development applications, engaging with our stakeholders, or any of our support services. It is what we do to ensure Ipswich remains liveable for its residents and attractive to its

visitors. These activities may happen daily, weekly, or monthly, but they remain pivotal to our city's success.

It is important that the core business functions reflect our strategic direction and are anchored by an informing document to drive what we do and why we do it. Council's Services Catalogue lists all core business which can include services legislated to council, for example licensing food businesses, or those non-legislated or discretionary services such as providing free immunisation clinics for high school children.

MANAGING RISK

Council has adopted an Enterprise Risk Management Framework that promotes a standard and systematic approach to risk management throughout council in accordance with AS/NZS ISO 31000:2018.

All identified risks associated with council activities are monitored on a regular basis and reviewed or escalated for review within internally prescribed timeframes. Corporate Risks are reviewed every two months. Operational Risks applicable at Department Level are reviewed every three months.

COMMERCIAL BUSINESS UNITS

The *Local Government Regulation 2012* states that the annual Operational Plan must include an Annual Performance Plan for each commercial business unit of the council. Council's only commercial business unit is Ipswich Waste Services.

Ipswich Waste Services – annual performance plan 2020–2021

OVERVIEW

The Ipswich City Council established Ipswich Waste Services as a commercial business unit in 1998 for the purpose of delivering a high level of waste management services to its customers in a cost-effective, efficient, timely and responsive manner applying commercial principles of service delivery.

Ipswich Waste Services is a commercial activity under Chapter 3 of the *Local Government Act 2009* and is required under the legislation to have an Annual Performance Plan.

The Annual Performance Plan is the mechanism for the council to specify its performance of the business and for Ipswich Waste Services to confirm its commitment to meeting the stated performance levels. The activities of Ipswich Waste Services will be in accordance with the policies contained in council's Corporate Policy Register. The term of this Annual Performance Plan is from 1 July 2020 to 30 June 2021.

Ipswich Waste Services will explore appropriate commercial opportunities to potentially expand the business in order to enhance its revenue base.

Customer Charter

The founding principle of Ipswich Waste Services is to meet the corporate objectives of the Ipswich City Council. A Customer Charter has been established to assist in focusing Ipswich Waste Services on its obligations to the customers of the city. The following Customer Charter outlines the rights of the customer and the rights of the council as undertaken on its behalf by Ipswich Waste Services:

Customers' Rights:

Our customers have a right to:

- a competitive weekly domestic waste service
- a timely response to inquiries
- special services for the infirm
- be informed of changes to services before the changes take place
- performance guarantees
- make contact with us and make inquiries about the services provided
- have missed bins collected within one working day
- have a bin that a customer has forgotten to put out collected within one working day at the scheduled charge.

Council's Rights:

Under the provisions of the Queensland Public Health Act 2005, local government has been given the obligation for managing public health risks associated with waste. This Act also provides the State with the ability to take any necessary actions to remove or reduce the risk to public health from a waste related public health risk if the State is reasonably of the opinion that the local government is failing to fulfil their responsibilities. Any reasonable costs and expenses incurred by the State can be recouped as a debt payable by the local government.

Therefore under the provisions of this legislation, local government has a legal duty to ensure that appropriate waste collection, waste disposal services and regulatory controls are available within their jurisdiction.

The council has a right to the collection, transportation and disposal of waste being performed in a cost-efficient and effective manner which meets legislative requirements and minimises negative impacts on the environment and community.

Business Management System Policy

Ipswich Waste Services has developed the following Business Management System Policy to demonstrate its commitment to providing outstanding customer service and value for money from all its activities in a manner that achieves long-term sustainable benefits to the environment and the community:

Our vision for Ipswich Waste Services is to provide a quality waste management service to the residents and businesses in Ipswich and surrounding local government areas. Our employees have a focus on customer service. We listen closely to what our customers ask for and endeavour to meet or exceed their requirements. As a team, we offer experience, motivation and commitment in providing the best possible service for our clients. We are pleased to be of service and take pride in the quality of our work.

At Ipswich Waste Services, we are committed to complying with all relevant legislation including Workplace Health and Safety and Environmental requirements, industry guidelines, good established practices such as Australian standards and all other requirements placed upon Ipswich Waste Services or to which we subscribe.

We recognise that good environmental and workplace health and safety performance is critical to the success of our business. We are committed to establishing measurable objectives and targets to ensure continued improvement aimed at prevention of pollution and elimination of work related injury and illness.

Risk management is seen as an integral part of good management practices – managing both the potential opportunities and threats to the Ipswich Waste Services business. Risk is inherent in all our business activities. Ipswich Waste Services continuously manages risk through daily work activities. We acknowledge that the adoption of a strategic and formal approach to risk management will improve decision-making, enhance outcomes, provide accountability and ensure compliance with the relevant laws and regulations. We are committed to incorporating risk management into our philosophy, activities, operations and planning processes.

Our operational processes are developed and regularly reviewed to ensure they are efficient and meet the needs of our customers at an acceptable cost.

To assure our customers of our resolve, Ipswich Waste Services has established, documented, implemented and maintained a business management system and continually seeks to improve its effectiveness in accordance with the requirements of the following standards:

- a) Occupational health and safety management systems AS/NZS 4801:2001
- b) Quality management systems ISO 9001:2015
- c) Risk management ISO 31000:2009
- d) Environmental management systems ISO 14001: 2015

MANAGEMENT OF THE BUSINESS UNIT

Autonomy

Although operating as a section within council's Infrastructure and Environment Department, in accordance with the *Local Government Act 2009*, Ipswich Waste Services is required to be provided with autonomy in its day to day operations subject to overarching control mechanisms under the commercialisation framework. The council is therefore responsible for setting broad policy directions for Ipswich Waste Services and Ipswich Waste Services is responsible for service delivery within the parameters of councils requirements.

Identity

Ipswich Waste Services will have an identity which is clearly linked with Ipswich City Council. The business unit will be identifiable to customers through the use of a co-branded logo with the linkage with Ipswich City Council clearly stated as follows:

Ipswich Waste Services will exhibit the form of a company or corporation (but without a separate legal identity) operating within the commercial concepts of responsibility, propriety and care which are integral parts of the governance of such entities.

Delegations

As detailed in the Delegations Register, council has delegated specific authorities to the Resource Recovery Manager. These delegations provide the appropriate levels of delegated authority so that Ipswich Waste Services may operate with day to day autonomy.

Accountability

The performance of Ipswich Waste Services will be monitored against performance targets specified in the Annual Performance Plan. Ipswich Waste Services will also comply with the requirements of laws applying to local government. Ipswich Waste Services will be responsible to meet the agreed performance targets and to report and keep records as required for auditing purposes as set out in the Annual Performance Plan.

REPORTING REQUIREMENTS

Ipswich Waste Services will provide council with a report on a quarterly basis detailing the following items:

- major highlights of operational activities
- performance in relation to stated performance targets
- financial analysis of quarterly performance against budget
- waste and recycling volumes
- Recycling and Refuse Centre data
- delegation reporting
- asset disposal.

POLICIES

There is an agreed Policy Register that establishes the Policy Framework within which Ipswich Waste Services will operate. These policies can be amended as required by council.

Pricing

The fees and charges to be levied by Ipswich Waste Services for services provided to external customers will be in accordance with council's adopted fees and charges. The schedule of fees and charges for Ipswich Waste Services nominates quoted charges for the provision of waste services. In order to compete in the waste marketplace, the Resource Recovery Manager may use the delegated power to provide quotes for the provision of waste services.

Internal Services

Charges for services provided to council by Ipswich Waste Services will be in accordance with the pricing schedule that is prepared each financial year.

Business return

A surplus target is set for Ipswich Waste Services on an annual basis and adopted by council through the council budget process.

Taxation Equivalents

Tax equivalents are shown as an operational expense and are set during the council budget process.

Borrowings

Borrowings for capital expenditure are approved through council's budget process and are in accordance with council's adopted borrowing policy. Ipswich Waste Services does not have any current borrowings.

Community Services Obligations

Under the provisions of the *Local Government Act 2009*, any community service obligations of the commercial business unit must be clearly identified in the Annual Performance Plan and costed separately. The commercial business unit is also to be appropriately funded for its community service obligations, any funding made apparent and performance targets must be set for its community service obligations. Funding of community service obligations undertaken by Ipswich Waste Services is provided through the adopted council budget. Performance targets are detailed in Section 2 of this Annual Performance Plan.

The following activities undertaken by Ipswich Waste Services are considered to be community service obligations:

- waste services at Ipswich community events
- schools recycling program
- transfer station waste disposal charge exemptions
- subsidised householder waste disposal at the Riverview and Rosewood Recycling and Refuse Centres
- free recycling services to residents requesting additional kerbside recycling service volume
- free services for dialysis patients and people with disabilities requiring additional volume for kerbside disposal.
