

2019-2020 Fees and Charges Proposed Changes for 5.5.1 Works on Local Government Controlled Roads/Traffic Control Permits and 1.3.3 Temporary Entertainment Events Traffic Control Permits

Fees and Charges for the former Health, Security and Regulatory Services Department were approved in the April Committee. Since the fees and charges were approved considerable process changes have occurred with regard to the works on local government controlled/traffic control permits type. These changes have significantly improved the assessment and processing of the permits resulting in fee amendments on a cost recovery basis. The types of permits have also been restructured to allow for additional future process improvements. The affected fees are contained within the former Health, Security and Regulatory Services Department, 1.3.3 Temporary Entertainment Events and 5.5.1 Works on Local Government Controlled Road/Traffic Control. After reviewing the time in motion and product pricing assessments the new fees are listed below.
